企業詳細	<p>■事業内容 / Company Profile Galileo is a technical staffing company that supplies engineers and IT professionals, to manufacturers in the Tokyo, Osaka, and Nagoya areas. Galileo opened its doors in 1997, and now has a strong presence in most major Japanese automotive and aeronautic companies and their supply chains. In order to help our partners adapt to the global economy, We strive to offer the best connections and support of any staffing company in Japan.</p> <p>■企業PR / Company PR Make your career goals real on the playground Galileo provides A young Galileo engineer in 20s,30s had gained experience in automotive and aerospace industry, brushed up his language skills and recently made it to his desired career at the Futuristic Experimental City. Galileo provided the playground for career achievements, and help to make his dream come true.</p> <p>Want to fulfill your career goals? We've got your back with a brimming support system When job hunting in Japan as a foreigner there are 2 main obstacles. Firstly, good placement information is not widely spread and shared within a certain network. Therefore, only few ones introduced have a chance to get hired. Secondly, these days Japanese companies would rather not hire unless your Japanese and working skills are equally high. We deploy foreign engineers in their diversity, regardless of nationality and sex to numerous enterprises. Japanese companies keep actively unfolding to global market, and it is our mission to provide them with the best global professionals.</p> <p>A database of good listings you won't find yourself Galileo makes getting to big and high-level companies easy with direct deal employment of engineers in automotive, aerospace, robotics, AI, machinery, IT & Software, electrics & electronics and R & D fields. As foreign engineers, the majority of our employees have not only professional knowledge and working experience, but also remarkable foreign language skills. We make the best use of their talents and put right people to the right places.</p> <p>■募集職種 / Open Positions <ul style="list-style-type: none"> Experienced Mechanical Engineers Experienced IT Engineers </p> <p>■仕事内容 / Job Description Galileo Co., Ltd. is looking for experienced mechanical design and IT engineers who are interested in working in tier 1 and 2 Japanese engineering firms and developing their specialized skills.</p> <p>■勤務地 / Work Locations <ul style="list-style-type: none"> 7 minutes walk from Fushimi Station in Nagoya 6 Minutes from JR Shinjuku Station in Tokyo </p> <p>■待遇・福利厚生 / Salary・Employee benefits <ul style="list-style-type: none"> 3 to 5.5 million per year (base) depending on experience Visa Support Company Housing (No upfront costs.
