Activated / Updated	2024-04-18 / 2024-04-18
Job Type	IT (PC, Web, Unix) - ERP, SCM, CRM Architect IT (PC, Web, Unix) - Project Manager IT (PC, Web, Unix) - IT Architect
Industry	System Integrator
Location	Asia Japan Tokyo Asia Japan Osaka
Job Description	<p>As a member of the organization that plays a central role in promoting SAP implementation projects, we are in charge of a series of processes from requirements definition to design, development, testing, and offshore management.</p> <p>There are many projects at the global level, and various tasks related to IT construction and implementation are performed by offshore delivery networks, so it is attractive to be able to specialize in the upstream phase and management work. In addition, with the progress of digitalization in recent years, the number of "hybrid" projects that combine various cloud services and EC packages is increasing. There are opportunities to expand into new technologies.</p>
