Location	Asia Japan Tokyo
Job Description	<p>You will be entrusted with infrastructure engineering projects focused on system development, infrastructure construction, Microsoft Azure-based cloud conversion, and sales. Be a part of a team that builds an infrastructure for logistics, for financial, medical, civil, and manufacturing companies.</p> <p>You will be assigned to a project based on your strengths and aspirations. You can challenge any project to grow your professional career.</p> <p>At Global Aspirations, we promote an engineer-first company culture and pride ourselves on our high employee retention rate. We provide an environment where you can enhance your skills, grow your career, and make a lasting impact. Join us and be a part of the strong Azure and SQL Server environment.</p> <p>[About the Projects] As part of our team, you'll be involved in various exciting projects, such as:</p> <ul style="list-style-type: none"><li>• Cloud implementation and operation consulting (Azure).</li><li>• Planning, designing, and executing migration plans for infrastructure environments.</li><li>• Database performance tuning.</li><li>• Network design, construction, and monitoring.</li><li>• Troubleshooting and log analysis.</li><li>• PC setup, including assembly, software installation, and network configurations.</li><li>• Building virtual environments in a Microsoft ecosystem.</li><li>• Establishing database environments using SQL Server.</li><li>• Migration from on-premises to cloud.</li><li>• Infrastructure setup for large-scale digital transformation initiatives.</li><li>• Server design and construction.</li><li>• Network design, construction, monitoring, etc.</li></ul>
Company Info	<p>Established in 2013, Global Aspirations Company Limited has built a solid track record of success among venture companies. We are fueling our organizational growth by highly valuing the voice of our employees. We strive to create an environment that fosters personal growth and comfort.</p> <p>【Work-life balance】 We offer flexible work-from-home options, allowing our employees to choose which days to work remotely each week. We believe in communication and transparency and encourage open communication through company-wide meetings held once a month in the office, where we discuss the direction of the company and other matters. The teams conduct regular meetings, and group discussions in the office. A supportive environment where employees can have open discussions has helped us maintain our high staff retention rate.</p> <p>【Career growth support】 We make it a priority to consider your skills, career aspirations, and values when assigning an employee to a project.</p> <p>We offer an empowering environment to expand your potential. We focus on Azure and SQL Server applications and conduct free monthly learning sessions for everyone. As an engineer, you will get the opportunity to rise to new heights and also act as a mentor or a tutor.</p> <p>In addition, there are special academic sessions for second and third-year professionals, focusing on diverse topics such as data science, AI, BI, autonomous driving, non-programming products, and SQL Server 2022.</p>

	<p>With plenty of ongoing learning opportunities, you can stay ahead of the curve and expand your skills.</p> <p><b>【Team dynamics】</b>  We have about 25 dedicated employees on our team with an average age of 34. Our diverse team includes about 30% foreign nationals of different cultures. Although Japanese is used daily, the company environment is inclusive where everyone can succeed regardless of nationality.</p> <p><b>【Measures to prevent passive smoking】</b>  No smoking indoors in principle</p>
Working Hours	<ul style="list-style-type: none"> <li>• 9:00-18:00 (8-hour workday plus 1-hour lunch break)</li> </ul> 10 hours or less average per month overtime!
Qualifications	<p><b>[Must Have Skill]</b></p> <ul style="list-style-type: none"> <li>• Work experience as a server engineer</li> </ul> (Those who are active as engineers in different fields and want to challenge server engineers are also welcome.)
	<p><b>[Good to Have Skill]</b></p> <ul style="list-style-type: none"> <li>• Work experience related to Cloud services.</li> </ul>
