Position Title	[React / TypeScript] Frontend Engineer
Recruiter Company	iHOLON Co.,Ltd
Company Name	Company name is private
Activated / Updated	2024-04-19 / 2024-05-08
Job Type	IT (PC, Web, Unix) - Front-End Engineer
Industry	
Location	Asia Japan Tokyo
Job Description	<p><Overview> As a front-end engineer, we are looking for team members who can work with us on new development, improvements and proposals. Since we are responsible for the development of the parts that users will actually see and operate, we must always be aware of usability and accessibility.</p> <p>Instead of just implementing it as designed, we are working on development every day with the attitude of sometimes proposing UI/UX to the designer.</p> <p>At the company, marketers, designers, and engineers are all working in an in-house environment, so it's an environment where it's easy to discuss things across different occupations.</p> <p>Also, rather than focusing on outputs such as the number of commits, we focus on the outcome (user experience).</p> <p>[Business content] ■ Screen elements, component implementation ■ Implementation of a library that manages components ■ Building a design system with designers ■ Environment construction for improving quality, such as testing and linting ■ Page speed improvement, etc.</p> <p>[Technology stack] ■ Language TypeScript, JavaScript, Ruby, Python, Scala</p> <p>■ Framework React.js, React Native, Redux, Gatsby.js, Node.js, Tailwind, Ruby on Rails, Play Framework, Finagle, Finch, GraphQL</p> <p>■ Middleware PostgreSQL, Redis, Nginx, Fluentd, ElasticSearch</p> <p>■ SaaS CircleCI, Redash, NewRelic, Sentry, BigQuery, Firebase, Sendgrid, Netlify</p> <p>■ Version control and project management GitHub, ZenHub, Kibela, Slack, Asana</p> <p>■ Development environment (OS/Editor) MacBook Pro rental * Linux, Windows can be selected upon request Display: Supply Editor: Free (In-house we use VS Code a lot)</p> <p>■ Others AWS: ECS, S3, EC2, Batch, Lambda, CloudFront, RDS, ElastiCache, Athena, WAF, Aurora, CloudWatch</p> <p>Headcount increase to drive business growth</p>
	Development and operation of reservation services for rental spaces and rental conference rooms Main Products/Services:

Company Info	<p>A service that matches "people who want to rent a space" and "people who want to rent a space" online.</p> <p>You can start accepting reservations for free space as an hourly rental space.</p> <p>You can search and reserve hourly rental spaces such as rental spaces and rental conference rooms.</p> <p>If you have a smartphone or computer, everything from booking to payment can be completed online.</p> <p>Earnings model: Complete performance fee type that receives a contract fee only when there is a reservation or use</p> <p>Main customers: Mainly used for personal business meetings.</p> <p>In addition, there are lessons such as yoga and pilates, and salons such as nail and esthetic salons.</p>
Working Hours	10:00-19:00
Qualifications	<ul style="list-style-type: none"> - More than 2 years of SPA development experience using component-oriented frameworks/libraries such as React - Experience with statically typed languages such as TypeScript <p>[Experience that would be nice to have]</p> <ul style="list-style-type: none"> - Experience developing with React Native - Serverless development experience such as Firebase - Development experience in Ruby, Python, Golang, etc. - UI/UX design experience/interest/interest - Development experience with multiple people using GitHub - Agile development experience - Experience in publishing or contributing to OSS - Interest, concern, and understanding of accessibility <p>[People we want]</p> <ul style="list-style-type: none"> - Those who can sympathize with our Vision / Mission / Value - Those who can always think from the product axis - Those who want to achieve something in a team - Those who can behave with psychological safety in mind - Those who can maintain transparency of information - How to deal with change and learn from experience to move forward - Want to solve social issues with technology
