Industry	Electronics, Components, and Semiconductor Manufacturing
Location	Asia Japan Hyogo
Job Description	<p>~ Chemical and surface treatment manufacturers for semiconductor manufacturing / Technologies used inside mobile terminals such as smartphones and electrical components and electronic devices of automobiles ~</p> <p>【job description】 In the logistics department, you will be primarily responsible for the following tasks:</p> <ul style="list-style-type: none"> • Trade affairs • Ordering and placing orders • Transportation arrangements • Material creation • Various administrative processing • Responding to emails and phone calls outside the company <p><About language usage> We have a group company in China, so in the future we will be responsible for communicating with you via email in Chinese. In the beginning, you will be covered in English, and there will be follow-up from someone who can speak local Japanese, so there is no problem if you can learn it after joining the company. For selective training programs where you can learn Chinese, and for those who qualify for incentive qualifications, we also cover the cost of taking the exam and provide incentives.</p>
Company Info	<p>■Topics: Domestic and overseas sales of chemicals for electronic substrates (world-class metal surface treatment technology for directly bonding metal and resin) are going well, and areas other than electronic substrates are expanding as products become lighter. For example, metal and resin bonding technology is attracting a lot of attention in the automobile industry.</p> <p>■High technological capabilities: Selected as one of the top 100 global niche companies by the Ministry of Economy, Trade and Industry in 2014. Our super-roughening agent material, which dramatically improves the adhesion between copper and resin on package substrates, holds a monopoly worldwide market share.</p> <p>■Long-term comfortable working environment: Our company policy is to "enjoy work," and we are promoting the creation of an environment that makes it easy to balance work and life. Both men and women have achieved long-term employment, with men working for 12.7 years and women working for 12.8 years. (FY2020), equity ratio 81.2%, operating profit margin 19.8% (FY2020)</p>
Working Hours	<p><Working hours classification></p> <ul style="list-style-type: none"> • Flex time system • Core time: 10:00-15:00 • Break time: 60 minutes (12:00-13:00) • Overtime work: Yes <p><Standard working hours> 8:45-17:20</p> <p><Other working hours supplement> Average overtime hours: around 10-20 hours/month</p>
