Position Title	[Design] No industry experience welcome/Design of compressed air dehumidification equipment/Business trip to China/Working in Osaka
Recruiter Company	Leverages Career China Co., Ltd
Company Name	Company name is private
Activated / Updated	2024-03-14 / 2024-03-14
Job Type	Electronics (Appliance/Semiconductor) - Design/CAD Design/CAD Operator Electronics (Appliance/Semiconductor) - Production Engineering Electronics (Appliance/Semiconductor) - Sales Engineer/Service Engineer
Industry	Industrial Equipment/Heavy Electrical Machinery/Facility Equipment
Location	Asia Japan Osaka
Job Description	<p>Air dehumidification equipment design position (This is a semi-custom-made job for dehumidification equipment and filters used in factories, etc.).</p> <p>You will use 2D CAD to design a "compressed air dehumidifier" that is needed in the manufacturing of all kinds of products such as LCD televisions, semiconductors, and pharmaceuticals. Each person will complete 2-3 projects over a period of 2.3 months. Additionally, since one person is in charge of each machine from basic design to operation, it is rewarding to be involved in the process from start to finish. I also expect to travel to China for two to three days once every two months.</p> <p>*Order flow We create each item individually in response to orders received by our sales staff at our company and our group company, Taiyo Giken. Specifically, you will be responsible for designing, creating estimates, managing the arrangement of parts, and holding meetings with external contractors. The design is not from scratch, but from an image of adjusting from the base device. In some cases, you may be asked to visit a customer's site together with a sales representative to explain the equipment and provide support.</p> <p>*Organizational structure Design department in Japan: Consists of 6 people (from 20s to 60s). After being assigned, a senior colleague will be there to teach you.</p> <p>*About the company</p> <ul style="list-style-type: none"> • Founded in 1978, we are a specialized trading company that handles products from Organo, which boasts a top market share in water treatment equipment, although it employs around 20 people. • Currently maintains debt-free management with approximately 7,000 properties per year and approximately 800 trading companies
Company Info	<p>Since our establishment, our group has consistently sold and maintained water treatment equipment and related equipment, as well as designed, manufactured, sold and maintained our own products, compressed air dehumidification equipment and various gas adsorption purification equipment. In recent years, as the needs of our client companies have become more sophisticated and diverse, we are working on daily improvements and development to ensure that we are a company that can respond quickly and offer proposals that are one step ahead of the curve. As a company that deals with "water and air," we will continue to work together as a group to play a part in social development by proposing energy-saving and environmentally friendly equipment, so we appreciate your continued support. Thank you very much for your guidance.</p>
Working Hours	9:00-17:30 Scheduled number of working hours per day (7 hours 30 minutes)
Qualifications	<p>【Prerequisite】</p> <ul style="list-style-type: none"> • Those who are fluent in Chinese • Ordinary car first class driving license <p>In addition to the above, those who fall under any of the following</p> <ul style="list-style-type: none"> • For those from engineering/mechanical departments • Those who have work experience at a manufacturing site

	<ul style="list-style-type: none"> • Those with design experience <p>[Welcome conditions]</p> <ul style="list-style-type: none"> • If you want to use your Chinese skills to get a job, or if you have an engineering or mechanical background, you can take on the challenge even if you have no practical experience.
