Position Title	[Tokyo] Construction management ☆ You can be involved from the upstream process ☆ Excellent growth environment with a small number of elite people ☺
Recruiter Company	WORKPORT, inc.
Company Name	Company name is private
Activated / Updated	2024-05-01 / 2024-05-01
Job Type	Building/Construction/Equipment/Real Estate - Engineer ( Building/Construction/Equipment )
Industry	
Location	Asia Japan Tokyo
Job Description	<p>~ Because we are a small and elite team, you can be involved from the planning stage and other upstream processes! ! ~</p> <p>[Job summary] We will manage construction work such as the construction, renovation, and demolition of apartments and houses.</p> <p>[Job details] In addition to construction work, you will be involved from the planning stage, including order acceptance. Because we are a small and talented team, we are able to be involved in upstream processes such as receiving orders and planning. You will be involved in the entire process, from meetings at the order receiving stage to support for panel production at our own factory.</p> <p>○Attractive points○  <ul style="list-style-type: none"> <li>■Since we deal with projects acquired in-house rather than as a main contractor, it is an environment with great opportunities to turn your ideas into reality.</li> <li>■We are planning on-site locations in Tokyo and three prefectures.</li> <li>■Because we have an environment where there are no boundaries between departments or positions, it is possible for you to be involved in upstream processes, going beyond your job duties such as sales and design. We provide an excellent growth environment for construction management.</li> </ul> </p>
