After that, system development was carried out until the start of service.</p> <p>■For manufacturing industry Build an information analysis platform by linking data from SAPERP. Achieved visualization using Azure and PowerBI.</p>
Company Info	<p>The company has a reputation as a "long-established independent SIer that has been in business for about 60 years," and a consulting company with strengths in agile and cloud computing.</p> <p>There are two aspects to the concept of "next-generation SI based on proposals." While it is said that only 0.021% of companies in the world have been in business for 30 years, the company's steady growth is due to its commitment to human resource development.</p> <p>This is probably due to the fact that we have been able to build up trust from the industry.</p> <p>We offer 80 types of training tailored to your career, not just when you join the company, and looking at the track record of acquiring qualifications, only one in three employees</p> <p>600 people have obtained PMP.</p> <p>This kind of consistency is probably the main reason why the company has grown so much.</p> <p>Due to the proven track record of our talented members, we are currently receiving prime projects from major companies. Opportunity to engage in more advanced PJT</p> <p>We have created a virtuous cycle in which we have been blessed with good company and opportunities to improve our employees' skills.</p> <p>In addition, we have clearly set out "Agile" and "Security" as future strategies, and are working to develop human resources and acquire projects.</p>

	<p>is.</p> <p>Having a solid foundation allows us to make large investments in new challenges. Our track record includes the Scaled Agile Framework (SAFe), a framework for large-scale agile development, and educational services.</p> <p>We have a high-ranking partner agreement, ``Gold Transformation Partner," with Scaled Agile in the US, which provides services such as</p> <p>We are the second company to reach a contract after NTT Data.</p> <p>The Ministry of Economy, Trade and Industry's ``DX Certification" has been steadily evaluated externally as well, being the first in the information services industry to receive this certification.</p> <p>It is.</p> <p>One of the company's strengths is that it is a leader in the IT industry with both solidity and challenge.</p>
