Company Info	<p>In the seven years since its founding, the product comparison service "mybest" has grown into a service used by more than 30 million users per month. In a world overloaded with information, we are filled with unreliable information and lies such as stealth marketing, and I believe that it is becoming very difficult to choose what we need and make decisions.</p> <p>mybest exists to solve such universal issues. "Selection" is defined as the matching of options and users, and MyBest uses its own database of options (product database) and user data (selection behavior within myBest and users owned by Z Holdings (Yahoo!, etc.)). The concept of mybest's service is to match data).</p> <p>Currently, we are expanding our business not only in Japan but also in eight countries and regions, including the United States, Taiwan, and Brazil.</p>
